

# Beautiful Gardens of Wanaka

## Garden Submission form

Thank you for responding to our request to collate outstanding private gardens.

Beautiful Gardens of Wanaka will be offering a guided narrative with a maximum of 7 visitors through 3 or 4 selected gardens in a half-day tour to create an inspiring visual experience, connecting people with nature while adding value and gratitude to the unique garden creations in the Upper Clutha district.

If you would be happy for us to assess your garden for inclusion, please fill in the form below. We'll contact you shortly to arrange a visit to your sanctuary and further clarify both our criteria and get to know your needs.

## What do you gain?

- Showcase and share your beautiful garden and your dedication
- Receive \$5 per visitor, an income stream for garden caretakers to support your labour of love
- Networking of garden caretakers to enable further opportunities - eg. carbon sinks, seed banks, plant swaps and local plant knowledge.
- Further income opportunities eg. private tours with the garden caretaker

## What would you need to do?

- Pre-visit to discuss your needs, decide on an itinerary and answer to questions
- Guide your garden tour with me for the first two visits, telling the story which we would continue to share with visitors on subsequent tours. We'll then send you a script of our guided tour speech for approval.
- Keep gardening as you do, no need to make it perfect, it's a living garden
- Commit to a positive relationship with us, it's about sharing the passion

## Frequently asked questions

Q. *Will people wander freely in my garden?* No, we keep the group together and ensure the garden is protected from negative impact

Q. *Do I need to be available for each visit?* No, after the two initial orientation visits we look after the visitors to your garden. You decide if you want to share or talk to the group.

Q. *How many visits per week?* You choose the maximum you wish, but at this stage we anticipate just one per week.
